

# CALTCM 2024-25 On-Demand Education Series

2024 CALTCM Summit for Excellence

On-Demand Program – Enduring Material

## Disclosure Statement

It is the policy of the California Association of Long Term Care Medicine (CALTCM) to ensure balance, independence, objectivity, and scientific rigor in all of its sponsored educational programs. Planners, faculty, and reviewers participating in any activities which are designated for *AMA PRA Category 1 Credit(s)*<sup>™</sup> are expected to disclose any financial relationships with ineligible companies (an ineligible company is defined as any entity whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients). The intent of this policy is not to prevent a speaker with a potential conflict of interest from making a presentation. It is merely intended that any potential conflict should be identified openly so that the listeners may form their own judgments about the presentation with the full disclosure of the facts. It remains for the audience to determine whether the speakers outside interests may reflect a possible bias in either the exposition or the conclusions presented.

The following table includes reported financial relationships with ineligible companies for all faculty, planners, and reviewers. All conflicts of interest have been mitigated in accordance with the California Medical Association (CMA) (and ACCME) Standards for Commercial Support.

Speakers, Planners, and Reviewers	Role	Affiliation / Financial Interest	Organization
