

Acknowledgements:

The *Improving Dementia Care: Reducing Antipsychotic Medication Use in Nursing Homes Toolkit* was created in collaboration with the California Association of Healthcare Facilities (CAHF) quality improvement subcommittee and Health Services Advisory Group of California, Inc., (HSAG of California). We wish to acknowledge the members of the subcommittee for their involvement and contributions in the creation of this toolkit:

Nancy Beecham, RN

Joseph M. Bestic, NHA, BA

April Diaz, RN

Mira Jensen, RN

Laurie Kjar, CTRS

Jocelyn Montgomery, RN, PHN

Karl Steinberg, MD, CMD

Thank you!
