

**ELEVATE
YOUR EXPERTISE**

Certified Medical Director Program

The Certified Medical Director (CMD) credential is an experiential and education-based certification offered by the Post-Acute and Long-Term Care Medical Association (PALTmed).

Physicians who are awarded the CMD credential have demonstrated they have the knowledge, expertise, and professional standing to assume a medical leadership role in post-acute and long-term care (PALTC).

General Requirements

- Completion of PALTmed's Core Curriculum on Medical Direction within the past five years.*
- Completion of a U.S. ACGME or AOA accredited post-graduate training program (or a Canadian Royal College of Physicians and Surgeons or College of Family Physicians accredited post-graduate training program).*

OR
Relevant U.S. post-graduate training and successful attainment of U.S. state licensure to practice medicine.*

- Current, unrestricted state license in good standing as an MD or DO in the U.S. (or Canadian equivalent medical license).

Experience:

- Spend a minimum of 8 hours each month in service as a medical director/associate medical director in a PALTC setting.
- At least 1 year of experience as a clinician in PALTC within the past five years.

**Waiver requests can be submitted to certification@paltmed.org*

Note: recertification is required every six years.

Due for recertification? Visit paltmed.org/recertification for details.

**Learn
More**

This unique program offers comprehensive instruction, equipping you with the essential tools and leadership skills required to excel as a medical director in PALTC settings. Connect with medical directors nationwide, exchange ideas, and gain inspiration from diverse experiences.

Program Format

Part 1: Online Core Curriculum: An on-demand course consisting of 30 interactive modules that provide comprehensive instruction on the medical director role within the PALTC setting. The course also includes live monthly facilitator-led virtual forums, allowing you to discuss the course material in real-time with faculty and other participants.

Part 2: Core Synthesis: A live virtual course comprised of dynamic lectures, case-based discussions, and small group breakouts. Core Synthesis is offered two times per year (June and November).

Visit paltmed.org/core for complete details.
